STRATEGIC PLAN

Nouita

Novita delivers tailored support that enables people to live the life they choose. We know everyone's goals are different and no two journeys look alike. It's why we co-navigate a unique pathway with each client by exploring a wide range of disciplines and

services across all life stages to achieve whatever amazing means for them.

We are pioneers within the disability sector and use our depth of experience to guide every step forward for our clients, from how we approach therapy to our assistive technology innovations.

Individual impact is our truest measure of excellence. To us, success is the way our therapy services, community living,

group programs and technologies enable people to experience enriching relationships and enjoy a genuine sense of belonging. Our support assists clients to follow the pathway they choose, navigating life's unique challenges to bring their next accomplishment closer.

Integrity is evident in our everyday. Respect and accountability radiate through our actions and interactions. As a not-for-profit, we also partner with members of the community to raise awareness and vital funds to benefit people with disability.

At Novita, our life-changing services and supports celebrate diversity, champion accessibility and ingrain inclusivity because we believe all people play a part in shaping the society we share.

We embrace everyone for who they are and support each of our clients to achieve something amazing of their own.
